Message

Governor Cooper: my wife and I are strongly opposed to the Atlantic Coast Pipeline - Strongly Opposed! America's reliance on fossil fuels is disastrous for the environment and an outdated technology; NC was a leader in solar and other alternative energy and I would propose that you support efforts to make NC a leader in alternative energy. It only makes sense and it would demonstrate your commitment to the people of NC and the wonderfully diverse and beautiful State that we call home. I implore you to cast aside this old and dirty energy source in favor of a healthy state.

With our best regards - Jeffrey and Sharron Christ and our grandson Flynn
